No experience requirement provided.

Job Description:

POSITIONS AVAILABLE THROUGHOUT NEW JERSEYUtiliQuest, LLC a leading provider of quality underground utility damage prevention for over three decades, is seeking career-minded, self-motivated individuals to join our organization. With headquarters located in Alpharetta, Georgia just north of Atlanta, we have offices located in ten states including California, Ohio and the Eastern US from Georgia to New York with over 1,700 employees. Founded in 1998, UtiliQuest is a subsidiary of Dycom Industries, a leading provider of specialty contracting services to the telecommunications and infrastructure industry. Along with the opportunity to grow and succeed, we offer 100% Paid Training that exceeds industry standards, a company issued light pickup truck, military grade computer with access to state of the art innovative technology, safety gear including boots, and locating equipment. UtiliQuest believes in promoting from within. Become a part of a team where we believe in exceeding our customers expectation for quality, professionalism and value.

RESPONSIBILITIESUnder the direction of a company supervisor, performs work that involves visual inspection of predefined construction areas and reading and interpretation of utility maps to determine the presence of underground utilities, while using special electronic equipment to actually detect and locate said utilities. The utilities may include (but not be limited to) gas, electric, cable TV, telecommunications, sanitary sewer, water lines, street lighting and other facilities within the predefined construction area. Use lap-top computer or other devices to receive, document and close out excavation notices, both during normal hours and after hours. Read and interpret utility maps / prints to identify the type and size of underground utilities. Use assigned communication equipment to effectively communicate with excavators, utility reps, and company personnel, regarding underground facilities. Operate different electronic detection equipment, to locate and mark under-ground facilities within prescribed accuracy limits. Perform light excavation with a shovel, to expose buried utilities when necessary. Provide accurate documentation and or sketches related to all locates completed. Receive and respond to excavation notices during normal and after hours in accordance with established time requirements. Operate company vehicle in a safe manner, and maintain a professional appearance. Be able to perform manhole entry using assigned equipment and safety devices. Perform work in all weather conditions, during normal and after hours.

REQUIREMENTSHigh School Diploma, or GED. Valid State driver's license, including an MVR record that is deemed acceptable by the company. Must successfully pass a pre-employment drug screen and background checks. Upon employment, will be subject to random drug testing in compliance with federal, state and company guidelines.

BENEFITSUtiliQuest offers a competitive compensation and benefits package. A wide range of benefit choices is available for our employees and their families, including medical, dental, vision, short and long term disability, 401(k) retirement savings plans, stock purchase plans and more. Medical/Prescription Plans - UtiliQuest offers 3 medical plan options which include prescription drug benefits. Dental Plans - Offers 2 dental insurance options - a high option plan that covers most dental treatments along with diagnostics and preventive care; and a low option plan that covers the basic diagnostics and preventive care. Group Vision Plan - A PPO plan where participating doctors provide eye exams and substantial discounts for services and materials. Flexible Spending Account - Benefit allows pre-tax dollars to be contributed annually to a reimbursement account for your and your family members'

qualified healthcare expenses (up to \$2,500) and dependent care expenses (up to \$5,000). Retirement Savings Plans - 401(K)
